

Prevent Factsheet

What is Prevent?

The Prevent strategy is part of the UK Counter Terrorism Strategy (CONTEST), based on the Counter Terrorism and Security Act of 2015. It requires public bodies, including local authorities, the police, prisons, providers of probation services, schools, colleges, and universities to act to prevent people from being drawn into terrorism, ensuring awareness of risks of terrorism.

Prevent has 3 main objectives:

- To respond to the ideological challenge of terrorism
- To support vulnerable people and prevent people from being drawn into terrorism
- To work with key sectors and institutions and address risks

It focuses on early intervention before any illegal activity takes place. The aim is to reduce the likelihood of individuals who support a violent extremist ideology of becoming terrorists.
